There is a new scam on the internet for those looking for love. Criminals are trying to trick people by using old love letters and romantic language. Conmen can easily buy "scam packs" to help them trick would be daters into their scam. The pack is available online and only costs a few dollars. It includes love letter templates, photos, videos and false identities. This is all that is needed to pretend to be someone looking for love. The criminals pose as potential partners and contact people seeking romance on dating sites. After a period of correspondence, they start asking their victim for money. They use many different kinds of excuses and reasons why they need money.

The police force in London reported 3,900 people being scammed online in 2016. The average amount of money they lost was $12,500. The average age of the victims was 59 years old. More women than men were scammed, with 61 per cent of the victims being female. A senior police officer described the damage the scams do to victims. He said: "These crimes **destroy** lives and the emotional damage often far outweighs the financial loss. **He** advised people against giving strangers money. He said: "Never give money to people you meet online, no matter what emotional sob story the person uses." He added that to be safe, people should always be on their guard when communicating with a stranger online.

Covering your mouth when you sneezing! That's what most children are taught. In fact, most people try to -hold back the rush of air when they sneeze. It's the polite thing to do, but it's not the safe thing to do. A sneeze means the body is trying to force something harmful out. If you have a cold, your body is trying to force germs out through the nose. In a sneeze, air leaves the nose with great speed and force. That's why it's dangerous to hold a sneeze in. The air will be forced out into the sinuses and ears. The germs can infect the eardrums. It's true that sneezing can spread germs to other people. But even covering your nose with a handkerchief can't stop that. Germs are so tiny that they go through the cloth.

21. What is the main idea of the passage?

1. Holding in a sneeze is polite, and it's good for health.
2. Sneezing is a rush of air out through the nose and mouth.
3. Holding in a sneeze is polite, but it's not good for health.
4. Covering your mouth when you sneezing.

22. Which is **NOT** mentioned in the passage?

1. How sneezing spreads germs to people
2. The eardrums can be infected.
3. Why kids are taught to hold in a sneeze
4. How adults try to avoid holding in a sneeze
5. Why holding in a sneeze is dangerous

23. Why does covering your nose with a handkerchief still lead to spreading germs?

1. Germs are powerful.
2. Germs are very small.
3. The cloth is very small.
4. Germs will be forced out into the sinuses.
5. The air leaves rapidly.
